

# Prehistoric Adventure

There can be three players – Neanderthals, taking part in this game.

The cave you were living in is in the foot of the volcano that just started erupting. It's too dangerous to stay there so you all decided to travel in search of a new place to live.

1. **Drifting Lava** – to avoid hot lava running down the volcano you have to take different path which takes you

2. **Volcanic Bomb** – watch out! Move **three steps back** to avoid volcanic bomb falling on your path!

3. **Bear Cave** – you don't want to meet the giant bear so you **take the longer path around the cave**.

4. **Woolly Mammoth** – you have noticed magnificent woolly mammoth, so you decide to stop and watch it grazing on the grass. **Wait one turn**.

5. **Swamp** – the only way to avoid getting stuck in the mud is to start your journey again, so **go back to the beginning**.

6. **Loose Rocks** – You lost your balance and rolled down the hill with the rocks. It takes you **seven steps back**.

**The game finishes when all of you get to the top of the mountain where you find good place to live and decide to stay.**
